

THE COUNCIL FOR TOBACCO RESEARCH-U.S.A., INC.

SUPPORTING BIOMEDICAL INVESTIGATION

900 THIRD AVENUE
NEW YORK, NY 10022
(212) 421-8885

JAMES F. GLENN, M.D.
CHAIRMAN AND PRESIDENT
CHIEF EXECUTIVE OFFICER

November 10, 1993

Ms. Lynn Serra
Development Manager, Conference Department
New York Academy of Sciences
2 East 63rd Street
New York, New York 10021

Re: May, 1994 conference

Dear Ms. Serra:

Once again I want you to know how pleased we are to be able to offer \$50,000 in support of your scheduled May, 1994 conference on "Functional Diversity of Interacting Receptors."

Please find enclosed the check in the amount of \$50,000 representing our commitment to the support of this important meeting.

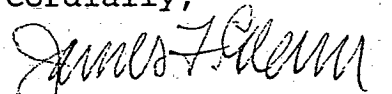

The Council For Tobacco Research - U.S.A., Inc. would like to participate in the conference and in the annals (proceedings) which will be published subsequent to the conference. There is some precedence for this: in 1966, The Council For Tobacco Research sponsored an NYAS conference and Dr. McKeen Catell made some opening remarks which were reproduced in the 1967 proceedings of this meeting. Accordingly, I would ask that Harmon McAllister, Ph.D., our Scientific Director, be given two or three minutes to extend a welcome and express our collective view that this is an extremely important event in the current climate of great interest in the neurosciences. I hope you will be able to accommodate this.

It would be possible for Dr. McAllister to provide his remarks in written form in advance of the meeting, providing an opportunity for your very capable public relations officer, Ms. Ann Collins, to use this in press releases in advance of the meeting. Please let us know if you think this would be appropriate.

Ms. Lynn Serra

Once again, we are extremely happy to be part of this activity.
With thanks to you for facilitating our involvement, I am,

Cordially,

James F. Glenn, M.D.
Chairman of the Board

JFG:mm
